linea mini

a La Marzocco classic
redesigned for the kitchen.

Available Configurations: EE

Available Number of Groups: 1

Inspired by the Linea Classic, the Linea Mini comes with dual boilers and an integrated brew group that allows the machine to achieve the temperature stability and energy efficiency of the saturated brew group in a reduced footprint. The Linea Mini is handmade with the same components used in our commercial machines to ensure the same durability that the Linea Classic has become famous for. With PID and a temperature adjustment wheel, the Linea Mini provides all the features necessary to make the pursuit of the perfect espresso attainable at home. Thanks to the new electronic board, the Linea Mini can now be connected to the internet and controlled through the new La Marzocco Home App, available on AppStore and GooglePlay.
