

Maximize Great Flavor, Not Costs

Nieco's **JF63** single and **JF63-2** dual belt automatic broilers with **BroilVection™** technology deliver superior products while saving up to 40% in energy costs. Designed for mid- to high-volume locations, the JF63 broils a variety of menu items, offering customers the charbroiled flavor and surface sear marks they desire.

Nieco's **BroilVection™** technology combines radiant, reflective and convective heat to produce consistent results and reduce operating costs.
