

Stylish, sturdy and reliable, the Zoin Kristall serve over counter provides the perfect solution for effective display of salads, sandwiches, desserts, fruit and other refrigerated food and drink. The four sided double glazed structure and energy-efficient LED lighting gives maximum visibility of displayed merchandise whilst also reducing running costs. Inside, the three strong glass shelves combined with the lower stainless steel base offers a generous amount of display space. Automatic defrost functionality and access via sliding doors make operation and maintenance effortless.

This model is 1500mm wide. Other sizes are available - please select from the drop-down.
